Is it really so simple to assassinate a man as elaborately guarded as the President of the United States? Can one simply pick a convenient window along his route, wait comfortably eating fried chichen and coke until the President arrives, daintily wipe one's fingers and mouth with a paper napkin, take careful precise aim, and shoot the President neatly in the head? --And then simply walk away?

If it were really as simple as all this, no President would live more than a few weeks.

But then how can the Secret Service, FBI and local police guard the President against such snipers? As the chief of the Secret Service has so truly said, it is impossible to search every building and guard everyone of the tens of thousands of windows along the route.

But it is not necessary to police each building and window to protect a President from snipers.

Here's why.

There are damned few people in any nation who would actually attempt to murder the President in the face of the tremendous security precautions surrounding such a figure. There are millions of Americans, to be sure, who roundly hated Mr. Kennedy and all the un-American things he stood for. I am one of these.

But I am not so foolish as to believe I could change the disastrous course of U. S. history by shooting Kennedy. (I am not afraid or ashamed to admit that if I sincerely believed I could stop all race-mixing and put an end to Communism by shooting Kennedy or any other single figure I would not hesitate a moment, regardless of costs.)

(But, as it is, I am 1000% convinced that we cannot save the American Constitutional Republic and the White Race by force and violence any more than Hitler was able to save Germany at the Feldherrnhalle. Our counter-revolution must be scrupulously, rigorously legal.)

In my case, it is cold reason which prevents, and will prevent me, from taking up arms to save ourselves. But there are tens of thousands of others in America who fanatically hate the way our Constitution and White Race are being destroyed. Perhaps some of them refrain from force and violence because of reason--the belief, which I hold, that force and violence is the quickest way to suicide for our tiny forces. But the vast majority of those who might think of assassinating a President are deterred, not by reason, but by FEAR.

Even more important, from the standpoint of the security services, is the fact that any person likely to hate the President enough to risk almost certain death to shoot him does not develop such a passionate hatred over night.

Anyone angry enough and courageous enough to play the part of an assassin, will inevitably spend at least a few weeks burning with hatred which is utterly impossible to hide completely.

St. Elizabeth and Springfield mad houses in Washington and Missouri have entire wings filled with would-be presidential assassins betrayed into the hands of the authorities by their unconcealable hatred of the President.

There is no need whatsoever to fear 9,999,999 Americans out of 10,000,000 would ever seriously consider assassinating a President. Such a monstrous deed requires a very special kind of personality.

Thus, those charged with the safety of the President, who cannot possibly watch all Americans during presidential appearances nor all buildings and windows along presidential routes, very rightly devote their major attention to minute surveillance of all those individuals in the area who have ever displayed any indications that they are (1) filled with sufficient hatred of the President and, (2) psychologically capable of the enormous act of assassination of a President.

In Dallas, a few weeks before the President arrived, right-wingers had bashed Adlai Stevenson with a picket sign and otherwise given plenty of evidence that there was a lot of right-wing hatred of the President in the area. So security officials actually boasted, before the assassination, that they had taken even more extreme precautions than usual to protect the President's appearance in Dallas.

And here, Kennedy's own "generals" fell victim of the very lies and propaganda which Kennedy himself was spreading on his Texas tour. There are few things more dangerous to a general than believing his own propaganda. But this is precisely what the security forces and local police did.

While the real danger to our nation and race lies in COMMUNISM and its vicious adherants, Kennedy and his ADA super left-wing, soft-on-Communism left-wing administration, kept pooh-poohing the danger of Communism in America and pretending there is some great "danger" to America from the right wing, which seeks only to preserve the White Race and the Constitution, as we do.

Kennedy and his gang did their damnedest to promote the illusion that all danger in America comes from the "ultra-conservative", "radical rightist" "super-patriots"--the racists, White supremists, States Righters, etc.

Us "terrible Nazis" are supposed to be too vile, vicious and awful even to talk about.

With this lying propaganda emanating from the President himself, and being beaten into the brains of Americans 24 hours a day by every Jewish dominated media of public information, the mental sickness of right-baiting penetrated the very ranks of Kennedy's own security forces.

Kennedy and the Jews, in their effort to minimize the eternal Communist danger, and terrorize our people with a non-existent "Fascist" danger HAND-CUFFED AND BLIND-FOLDED HIS OWN SECURITY GUARD!

From sympathizers at the highest levels and from our supporters and members in the area, we know for a fact that before the President arrived every strong right-winger in Dallas was hunted down and kept under fantastic surveillance!

Kennedy and his gang have been so helpful and friendly to Communism, race-mixing and the destruction of White Western Christian civilization that it never, in a million years, occurred to them to put the same kind of iron guard on crazy LEFT-WINGERS!

Lee Harvey Oswald, a partisan of the Communist Cuba which Kennedy has now guaranteed against any attempt at recapture by anti-Communist Cuban patriots was seen as a "friend".

In the first hours after the assassination, I must confess that I myself imagined the assassin was some crazy right-winger and I mentally cursed him for thus bringing down on the right wing the almost fatal wrath of the populace which I expected would follow.

Then I began to get the reports of the fantastic surveillance and the dogging of the footsteps of all of our kind of people in Dallas and I realized it would have been utterly impossible for even a Goldwater supporter to get loose long enough to point so much as a cap pistol at the President.

I was, and am, sure that no responsible and intelligent Communist would shoot John Kennedy--any more than I would shoot Douglas MacArthur or Joe McCarthy if one of them were President.

THE ONLY SORT OF LEFT-WINGER WHO COULD HAVE, AND DID, SHOOT THE PRESIDENT WOULD HAVE TO BE A NUT.

Oswald has now asked to have Jew John Abt, a regular member of the Communist New Deal Jew gang, represent him and he has refused representation by the Dallas Bar Association.

I predict that, far from helping him, the Jew Communists and other Red rats in America will not only have nothing to do with odd-ball Oswald but will denounce him, disown him, and most sincerely curse him for lousing up the great thing which they have going.

The whole thing shows once again why our Jew race-mixing left-wing and Red opponents cannot, and will not, win. They are victims of their own deadly lies.

Kennedy was shot because his own Secret Service believed him, believed his lie that the danger is on the right, -when it is actually the left which killed him, -and will kill **all of us**, if we let it.

FLASH!

I started to dictate a final note to this piece on the dramatic events in Dallas when the announcement that Lee Oswald had been shot by a man named "Ruby" flashed over the wires.

Immediately I sensed that "Ruby" was not the man's name and believed I saw the first signs of reaction by our enemies. I was in the process of dictating a paragraph indicating my suspicions that Mr. "Ruby" would actually turn out to be named "Rabinowitz"--when further word crackled over the radio that the assassin's assassin was, indeed, a Jew by the name of Rubinstein.

Instantly, the whole picture, at least to me, is crystal clear.

The Jews and Reds have been screaming about the "hate" and danger from the right wingers, anti-Semites, racists, etc. With our President now murdered by a PRO-CASTRO COMMUNIST, it is not hard to imagine the wave of anti-Communist, anti-Castro revulsion which would sweep over the United States and be daily reinforced as the legal proceedings against the Communist assassin proceeded over a period of months.

These circumstances were absolutely intolerable for the preachers of "love", "brotherhood" and all the rest of the soporific lies of the left-wing. It was a leader of the filthy "Fair Play for Cuba" Communists--the same gang we battled physically here in Washington last month--who assassinated President Kennedy, and, with Oswald alive and on trial, all of this filthy Red treason would be connected with the murder of the President day after day, over and over again. There was only one thing to do--and the enemy did it.

People are gasping and asking each other, "How did Rubinstein get into that police station with a gun to shoot Oswald?"

Readers of the last ROCKWELL REPORT on 98% Jewish "Murder, Inc." will remember how frequently these Jewish killers performed such "feats" with cash and then escaped punishment in the courts on "technicalities".

There is no question in my mind but that Rubinstein bought his way into the City Hall in Dallas with a big roll of cash. To those who scoff, let me pose the question, "How do you say he got in?"

In the flash of Rubinstein's gun, an absolutely deadly and impossible situation for Jewish Communism, Castroism and treason in this country was suddenly turned into an act of Kosher "heroism"

This is being dictated at 5:40 p.m., Sunday, November 24, and should be printed before the night is out for distribution tomorrow morning.

I mention this to validate the prediction I will now make. (And I think it is likely to happen so rapidly that I want to beat the reality with my prediction before it can be claimed we wrote and printed our story after the fact.)

I PREDICT THAT, BY "UNFORTUNATE OVERSIGHTS", THE CHARGES AGAINST RUBINSTEIN WILL PROVE TO BE TECHNICALLY FAULTY OR THERE WILL BE SOME OTHER "REASON" TO "CLEAR" JEW RUBINSTEIN AND THUS THE MOST EMBARRASSING AND POSSIBLY FATAL DRAMATIC EXPOSURE EVER FACED BY THE JEW COMMUNIST-ZIONIST PLOTTERS IN AMERICA WILL BE TURNED INTO A PROOF OF THE SUPERB PATRIOTISM AND COURAGE OF THIS KOSHER "HERO".

It should be remembered that the liberals, Jews, etc., are the loudest adherents of the Constitutional guarantee that all accused criminals are innocent until proved guilty. Oswald never had one single minute in court and was killed by this Jew in the middle of the most tremendous public hysteria since Abraham Lincoln was shot. Any way you look at it, Lee Oswald was lynched by the Jew Rubenstein. The Jews, of course, have been screaming and howling about "lynching" in the South for the past 20 years (although such occurrences in the North and nigger crimes against White people everywhere are regularly buried away among the classified ads in Jew-dominated newspapers.

Now let's see how the Jews perform with Jew-lyncher Rubenstein.

Rubenstein was mixed up with the Chicago gang-wars in the '30's and '40's. This Jew was found riddled with bullets in a garbage can in the course of some disagreements among these "patriotic" gentlemen. Anybody who is familiar with the methods of these gangs with which Rubenstein was involved, knows that the traditional gang method of eliminating an embarrassing "canary" in court is to shoot or otherwise dispatch the offending party.

THIS IS PRECISELY WHAT HAPPENED THIS AFTERNOON IN DALLAS! A crazy "idealistic" and traitorous American Red, who believed all the garbage in the "Worker" and the rest of the Bolshevik lies that Kennedy is an "imperialist", etc., went out and thought he had done a heroic thing for his filthy Red cause. Instead of that, as we wrote in the story above (before Oswald was shot), he completely loused up the love and brotherhood act of the Communists. Also, as we predicted, John Abt, the Bolshevik lawyer for the Communist Party, dumped him and disowned him. Oswald was a living horror for the Reds and the Communist Jews who operate this filthy conspiracy. Therefore, in the grand manner of the KOSHER "Cosa Nostra" was "rubbed out" in the finest tradition of Chicago gangland.

All that I have written above is true, logical and damning. If America had anything like an honest press, these facts and the inescapable conclusions which they force would be on every American editorial page tomorrow morning.

Instead, I expect to read the most disgusting apologies for Jew Rubenstein and I would not even be surprised to see this Kike burlesque-show operator carried through the streets of Dallas on the shoulders of the unthinking Goy cattle who will never suspect that he rubbed out Oswald not for love of John Kennedy, but for fear that Lee Oswald would finally force into the American consciousness the deadly, immediate and bloody danger of tolerating these Communist murderers in our midst for one single additional moment.
